CAUSE NO. 1376698

THE STATE OF TEXAS	IN THE 372ND JUDICIAL
VS	DISTRICT COURT
THOMAS OLIVAS	OF TARRANT COUNTY, TEXAS

WRITTEN STIPULATION

The State of Texas, by and through the undersigned Assistant District Attorney, together with the Defendant and his attorney of record agree and stipulate that if Dixie Peters were called as a witness by the State she would testify under oath to the following matters:

1. That she is employed as a Technical Leader by the University of North Texas Center for Human Identification;
2. That she is qualified through formal training and experience to conduct DNA analysis;
3. That she has previously testified in the courts of Tarrant County and in other courts within the State of Texas as an expert in the field of DNA analysis;
4. That on March 23, 2011 she received the following items from roger Metcalf, DDS:
   - Family Reference Sample, Mechelle Gandy, representing the mother of a missing person, Asher Olivas
   - Unidentified Remains Sample, blood card
5. That she utilized the items listed above to conduct a DNA analysis for the purpose of determining whether the Unidentified Remains Sample, blood card, which originated from unidentified human remains in the possession of the Tarrant County Medical Examiner's Office, originated from a biological child of Mechelle Gandy.
6. That the genetic data obtained from her analysis establish that the Unidentified Remains Sample, blood card are consistent with having originated from a biological child of Mechelle Gandy.
7. That the genetic data (autosomal STRs) are approximately 1.1 million times more likely to be observed under the scenario that the unidentified remains originated from a biological child of Mechelle Gandy as opposed to the unidentified remains originating from an unrelated individual from one of the three major U.S. population groups (African American, Caucasian and Southwestern Hispanic).
8. In making this stipulation, the Defendant, joined by his attorney of record, freely and voluntarily waives all constitutional and statutory rights, both state and federal, to the attendance, confrontation, and cross-examination of any and all witnesses with regard to

the stipulated evidence, and agrees that this stipulation may be admitted as an exhibit before the jury without objection, and fully considered by the Jury.

So agreed and stipulated.

Kevin Rousseau, Assistant
Criminal District Attorney
Tarrant County, Texas
State Bar Number 17324950

THE STATE OF TEXAS	IN THE 372ND JUDICIAL

THE STATE OF TEXAS · · · · · · · · · · · · · · · IN THE 372ND JUDICIAL

VS · DISTRICT COURT

THOMAS OLIVAS · OF TARRANT COUNTY,
TEXAS

STIPULATION OF EVIDENCE

The State of Texas, by and through the undersigned Assistant District Attorney, together with the Defendant and his attorney of record agree and stipulate that if Rachel Burch were called as a witness by the State she would testify under oath to the following matters:

1. That she is employed as a Forensic Analyst by the University of North Texas Center for Human Identification;
2. That she is qualified through formal training and experience to conduct DNA analysis;
3. That she has previously testified in the courts of Tarrant County and in other courts within the State of Texas as an expert in the field of DNA analysis;
4. That on January 31st, 2012 she received the following items from Byron Stewart:
   - A blood card labeled "Mechelle Gandy"
   - A piece of a swab in a paper bindle inside an envelope labeled "SWABS FROM THOMAS OLIVAS"
   - A blood card labeled "Asher Rion Olivas"
5. That she utilized the items listed above to conduct a DNA analysis for the purpose of determining the paternity of Asher Rion Olivas, represented by the blood card bearing his name.
6. That her analysis establishes that the alleged father, Thomas Olivas, represented by the piece of a swab bearing his name, cannot be excluded as the biological father of the child, Asher Rion Olivas, represented by the blood card bearing his name.
7. That at least 99.99994% of the male population is excluded from the possibility of being the biological father of the child, Asher Olivas;
8. That her observed genetic results are 1,017,000 times more likely under the scenario that Thomas Olivas is the true biological father of the child, Asher Olivas, than if the father is an untested, unrelated random man from the Caucasian population;
9. That the probability of paternity is 99.9999% (Prior Probability of 0.50) as compared to an untested, randomly chosen person of the Caucasian population.
10. That her observed genetic results are 11,570,000 times more likely under the scenario that Thomas Olivas is the true biological father of the child, Asher Olivas, than if the father is an untested, unrelated random man from the African American population;

11. That the probability of paternity is 99.999991% (Prior Probability of 0.50) as compared to an untested, randomly chosen person of the African American population;

12. That her observed genetic results are 2,751,000 times more likely under the scenario that Thomas Olivas is the true biological father of the child, Asher Olivas, than if the father is an untested, unrelated random man from the Southwestern Hispanic population;

13. That the probability of paternity is 99.99996% (Prior Probability of 0.50) as compared to an untested, randomly chosen person of the Southwestern Hispanic population;

14. In making this stipulation, the Defendant, joined by his attorney of record, freely and voluntarily waives all constitutional and statutory rights, both state and federal, to the attendance, confrontation, and cross-examination of any and all witnesses with regard to the stipulated evidence, and agrees that this stipulation may be admitted as an exhibit before the jury without objection, and fully considered by the Jury.

So agreed and stipulated.
